Respectfully submitted to E.

of the company.

This should be done through
the proper channels, with the
this party may have been
informed as he has not been
long in service.

It seems to me that all
Companies of heavy Artillery
should understand
Infantry drill and
never see no objection to
Col. Lee's views on the
subject.

The service of these troops
must be needed as much
on the Rio Grande at this

and I do not deem it
prudent or advisable
to grant the transfer
at present.

West Hill Dist

Lieutenant W. C. Hayes, A. A. A. General
Western Military District of Texas
San Antonio

Sir

I have this
day addressed a letter to General A. Sidney Johnson
Richmond Va. asking the transfer of my Company
from Texas to a point more congenial to our habits, being
all raised in a cold climate, which is better suited
to our wishes, as we are anxious to be in active service.
Every indication at this point is confirming our doubts
on that score. My Company was recruited into the
Confederate States Service at San Antonio on the
12th of October 1861 as Artillery, we were then ordered
to Fort Brown (this place) to man the heavy Batteries
of the Fort. We reached our destination with military
promptitude and immediately devoted our time to
make ourselves conversant with the duties expected of us
as Artillerists. Our progresses were not to be disdained
being mostly men, who have families, homes and
properties in Texas and take great pride in the defense
of the Great and Sacred Cause of the South.

Within the last week a Garrison order
was issued requiring us to perfect ourselves in the
Infantry

and if continued must necessarily encroach
on Artillery Duties, to the extent, of leaving us but the
name of Artillerists, our limited knowledge of military
dispositions contradicts the Idea of such a change from
such a source. My Company was enlisted for Artillery
service, mustered and received as such and has as yet
not been attached to any Battalion or Regiment.

I therefore respectfully solicit, that this change
be manifested to the Commanding Officer and further
respectfully beg, that the Commanding General may
assist us in our desire of transfer, in as much, as there
is a deficiency of Artillery for the Batteries here, it
being understood, that none but the purest motives
animate us and the desire of serving our Country, being
all anxious to be in active service and since an
attempt is made to change our Arm, our Petition
is justifiable and hope, the Commanding General
will consider it privileged under these circum-
stances, expecting a favourable answer and indulgence
of the Commanding General for this blunt application.

I have the honor to remain
Very Respectfully
Your humble Servant

Sir

I am ordered to report at City of Houston, before a Board of Examination, for the purpose of examining into my qualifications as an Artillery Officer. I do not in my opinion possess the capacities required of an Artillery Officer, for which reason I decline being examined by your Board, and herewith tender my Resignation, not only for the above reason, but also for the reason that this is my third Year of inactive service, I have been suffering with the Siles, and under my present mode of life, I will be compelled to become an inhabitant of a Hospital, while in the saddle every day, as experience has taught me I would feel but little inconvenience from that.

I would further more respectfully request, that a leave of absence be granted me, until my Resignation is heard from, and should it not be heard from within thirty days, that I would be granted the privilege of joining such arm of the service, as may

I respectfully recommend my modest request, to
be treated to such as a private, to your favourable
attention.

I acknowledge the receipt of Special Order N. 58 from Artillery B. Co. of date May 25/64, directing me to report to report to Dist. Head Quarters for duty.

At the same time I am informed of the acceptance, by Lt. General Smith, of my resignation. The latter was based principally on the plea of "Incapacity" which - though not so explained, - meant my incapacity to do the country any service with a battery scattered in such a manner, and in such a condition, as to require almost superhuman efforts to acquit the company with credit in an action.

The battery is still in the same condition, and likely to be still more inefficient. Unless the guns, men, and horses can be kept together in some place where it has some chance of becoming fit for duty, - I owe it to myself not to stake my reputation as an Officer in retaining command of a battery thus made inefficient. - Nor do I on the other hand, desire to remain idle any longer - after having, through my personal efforts alone, built up the battery and placed it equal to any in efficiency for active service.

Therefore, unless my wishes can be complied with, I must respectfully insist on the discharge from service, sanctioned by Lt. Genl. Smith.

Capt. J. C. Jones
Chief of Staff

Honolulu, T.H.

Sir:

At your request I am in honor to address you the following communication upon the case of Capt. E. Greenberg who is being sent to the States.

In General order No. 1, Head Quarters Dept. of Agric. T.H. & F. it is announced that the resignation of Capt. Greenberg has been accepted by the Lt. Gov. among the members of the Staff. I wish to state that it has been my duty to have been notified of the resignation of this officer, and I do not deem it my duty to connect the cause of the Captain's resignation, but I am satisfied that it was an honest and honorable departure in regard to his

On August 2nd, 1864, I received an
interesting letter from the Secretary of the
Board of Agriculture and Horticulture
on the subject of the same.

I regret his suggestions very much, and
what can be done to my power
therein, as that is what I have
accepted. But I have seen
much of my own mind in some of
months, but during that time I
have been a great observer of
him and his work, and I think
it one of the most goodly
-ers that I have met with in
the East. I may say goodly
-ness, such as the discharge of his
duties, honest & unswerving, and
giving me entire satisfaction.

That you should have seen the
Exposition is I did on the morning
of the 1st day 1864 at the same place.
I wish to report some of the
most interesting & crop fair from
the South (as I have) I am satisfied
that you would have a common sight of
the same in many of the

Members of the Eastern Officers - and

Capt. Richardson - before the
most golden moment -
in many ways the promotion he
has received. But then for I do not
I cannot ask that he be advanced
to a Lieutenant & the Battalion he
returned to Capt. Crookham -

But I do think the Major General
can ask that the 11th Regt.
and the 1st Regt. 11th. Dept. return
Capt. E. Crookham to the Army,
and that in his judgment, good
conduct is deserving of a promotion,
on the 1st May 1844, he be promo-
ted to a Major -

When your affairs are so
serious the service must suffer
a serious detriment, and I have
Capt. E. as an officer -
then placed into the ranks as
a private soldier -

he is very capable

Col. Smith S. Bankhead.

Sir

The seven deserters found a Boat in the swamp, which
which they tried to get to the Blockaders, but owing to the
rough sea, and contrary wind, they failed in their effort,
they were since seen, (or at least a boat with a corresponding
number of men in it) beating along the Beach towards
Belvoir Point. I notified the Detachments on the Courier
line between here and Belvoir Point, on the 15th inst.
I have heard nothing from them any more than that they
passed High Island, which is 27 miles from here, on Friday
last, my boat seems to have reached there Friday night.
Should the deserters have success in getting aboard of the
Blockaders, it is likely, that it will lead to the capture
of my Battery, as long as my Battery forms the out post
without a Coast or Pickett square, without any support,
and without sufficient horses to move it, and with
sixty men, all told, to man six guns, two hundred men
deployed as skirmishers, can take any Battery, situated
as mine is, no matter how well it is worked.

It was thought, that the swamp, stretching along the coast
from Fort Mankapett to Sabine Pass, was impenetrable, I
found no trouble in going all over it, any more than wading
through, from two, to four inches of water, and not only that,
the enemy can land with launches, for several miles, between
Mankapett and Sabine Pass, and Infantry would find no
trouble in getting through the swamp, and flank the place.
That is the information, I am afraid the enemy would get it
from the deserters.

I have the honor to be
Very Respectfully, your Obedient Servant,

Mr. J. Magruder

June 24th 1864.

Sir. According to Order No. 173 from Genl. H. H. Hays, I have a Private of my Company is detailed as Major and ordered to report to Capt. E. W. Taylor. Myself being Person for duty. Already, four of my men are detailed in various Departments, of which is Libermann on duty as Hospital Attendant in San Antonio since Novr. 1862. The Maj. Genl. Canby orders him by Special Order, written and signed by himself to report to his Company, Commander for duty, but the Officer Canby, at San Antonio simply reads the Order, Order of Libermann to remain in San Antonio. The strength of my Company present, is reduced, that 12 men have been to be sent with 5 men, and the Battery not effective for want of men, and more men required to drive the same in case of necessity. I therefore respectfully request, that Special Order No. 173 should be recalled, and Private J. Hays ordered to remain with his Company, as his absence being injurious to the service of my Battery.

J. Hays is a Sailor, and not a Weaver by Trade, please inform me whether I am required to discharge the Order or not.

Very Respectfully
Your Most Obedient Servant

General Hospital at
Danvers, Vt.
December 31st 1863

Sir

Enclosed please find letter which has just been received through these head quarters,

As regards the first part of it in relation to my granting discharge I am at a loss to know what could have given rise to such an idea, as the regulations and every existing order upon that subject ^{only} recognizes the right of the surgeon after fully setting the disease in his Certificate of Disability to recommend a discharge.

The writer of the letter says - I am further instructed to direct you to send Private John Lehmann &c &c, Now Sir John Lehmann in consequence of Chronic Rheumatism was detailed as nurse in Hospital Bay Brigadier General W. P. Bur. And afterwards under an order from General Burroughs the detail was removed.

From necessity he has become a tolerable cook but in rainy or damp weather suffers greatly and frequently is compelled to go to bed.

I am satisfied he will never be able to discharge the duty of a soldier in the field, and ^{worth} ~~be~~ with nothing in my department as he is a very ignorant man, he is certainly doing more good for the service where he is than in any other capacity.

I see by Para. ⁱⁱⁱ Gen Order No 238 that no sick furlough will be granted but on the ~~and~~ ^{with} approval of proper medical authority.

Ours

Am I to understand that applications must first be
sent to the Medical Director for approval or rejection,
I presume the last sentence in this paragraph
has no reference to this matter.

I am Sir
Very respectfully
Your obedient servant
W. H. Lyons

I have been in service since October 12th 1861 and
as I had my business immediately after being
mustered into service, and never having been promoted
the privilege which I now wish, it is left in such an
unsettled state, that at the present time I constantly
require my attention. I hope therefore that my Office
will not require excessive attention.

I have been in service since Feb. 1st 1864 and have
as far as service has granted to me during my service
I have been on the detached service from July 1st 1864
to my present at Washington, D.C. for the purpose of having
public papers done over to me by Capt. C. B. Hughes. I never
was reported absent, without leave I have been absent since
Jan. 1st 1864 to Aug. 1st 1864. The Officers are all with
me. I am not and am not intending to be absent, and
my service will be going to the interest of the public
service.
